RECALIBRATION of the SOUND of the NATION

**Prophecy to the
Sound of the nations
to be Re-calibrated to
the Sound of Heaven.**

Elsabe Briers

Recently the Lord started speaking to me about re-calibrating the sound of the nations. I was instructed to prophesy to the sound of the nations to be re-calibrated to the sound of heaven, from death to life, from darkness to light. **Let us also release the glory sound of revival fire in transformation over South Africa.**

I want to encourage you to release the sound of the roar of the Lion of the tribe of Judah over you family, your city, region, our nation and into the nations where God sends you.

The world was formed by the sound of God's Word. Let us be finely tuned in to the voice of the Lord, release it over the earth as it is in heaven and then see the glory invasion of the King of kings. Hallelujah!🕊 (See May 16th post : www.facebook.com/eagleswingspropheticsschool?ref=hl)

THE KEY OF VICTORY IS IN OUR MOUTHS

The key of victory is in the Word that we release into our environment.

Do not empower the enemy by speaking of his works, but let us use our mouths to speak forth the Word and the will of the Lord, as revealed to His prophets, releasing Prophetic Decrees into every sector of society and see the salvation of the Lord as He establishes His Word.

"You shall decree a thing and it shall be established"

one absolute authority as he stood facing north on Table Mountain at the tip of Africa. Under the spread of the pad of his broad right paw was a large rolled up scroll. The lion opened his mouth, took a deep breath and

roared. First to the west, then to the east then to the south and then from the depths of his being he roared to the north.

As he roared the scroll starts to unfold down the face of Table Mountain.

Gradually the gigantic roar choked down into a deep cough of satisfaction. All living beings in sub-Saharan Africa were frozen to attention. As the last fold

of the scroll opened it covered the Rhodes Memorial and the wording on the scroll came into stark and bold visibility to all in Africa. The words read: "The Battle for the True Liberation of Africa has now begun!"

The occupant of the chariot was a magnificently proportioned majestic warrior dressed in a white linen robe with a purple waist band. On his head was a burnished bronze helmet and in his right hand held aloft was a flaming sword.

As the last of the Rhodes Memorial

The white horse leapt forward and the chariot and occupant hurtled towards the earth directly to the southern-most tip of

"Preach Holy Ghost Revival Fire"

received by Jane Flack on April 16th, 2015

Last night I found myself awake, but not awake.....I was preaching. The anointing was very strong and I found myself sharing the gospel with an authority and clarity that amazed me. The most important aspect of the message was that as Christians we have lost power and are like smoldering coals. We need to be born again and baptized in Holy Spirit Fire - Revival Fire. I was preaching the gospel of Jesus Christ calling those in the church to come forward to be baptized in Revival Fire, Holy Spirit Fire. To be baptized in the Holy Spirit with the evidence of

praying in other tongues. We could not remain so impotent when Christ had given His all for us and the promised gift of the Holy Spirit has been given. We are crying for revival but in many churches the message of God's glorious empowering by the Baptism of His Holy Spirit is being neglected and as a result

the church remains powerless. Christians lack the power, the desire, the ability to GO and therefore many do not share their faith with those outside who are lost and hurting. Their faith or belief is not real even to themselves and as a result the ability to witness is weak.

The Word the Lord gave me in the dream has encouraged a boldness, served to strengthen hearts, build courage and draw persons together. As a direct result of that word a small group of women have come together in Hout Bay and beyond to meet on a weekly basis, praying for unity and our country.

Each one of us comes from a different church, a different background and could not be more different! Initially we struggled to find a place of real unity and to be honest I thought it could not work....but individually God challenged us. If we could not come together and pray in unity, as one, how on earth could we expect whole churches to do so.

As we confessed our inability, the Lord brought us together as one.

Today we are in sync and our meetings are a joy. The Lord has shown us clearly "It is time to proclaim His glory, to proclaim His word over our lives, our families, our community and our Nation." He is causing us to sing which in itself is quite unnatural for none of us can sing [we each have our own complex about our voices] and yet we are beginning to sing, off key, out of tune but to His glory. We sense His wonderful presence and His pleasure.

I felt such a need to say to Pastors preach Holy Spirit Revival Power. Preach the Baptism in the Holy Spirit and see the body filled with the glorious power of God that they cannot remain the same. That they cannot contain the joy of what they have received and will become fearless in proclaiming the gospel.

The sense of God's anointing was so real and I kept hearing, "Preach Holy Ghost Revival Fire". May our Pastors and young leaders have a fresh boldness to share the gospel. 🕊

Jane Flack lives in Llandudno. For years, since 1998 she has felt God's strong call to unity, that the body of Christ may be one.

For years He has spoken of a glory that will fill this land, of a fire that will burn and purify, of a water that will flood, refresh and cleanse.

This year 2015 I heard the Lord saying "It is Time". Time to take hands across the land and proclaim His glory. To sing a new song and to enjoy the

HIS PRESENCE

Continued from page 5

This year I asked the Lord what prophetic painting should I start with. He told me to paint His presence.

JENNY RADEMEYER
jenny@paintwell.co.za

I was a bit flumoxed as to how I could portray it, until He reminded me of Exodus where He led the people of Israel through the desert as a pillar of fire by night and smoke by day.

Scripture also states states that our God is a consuming fire. I thought I had finished the painting when He reminded me during worship that He is enthroned on our praises, that His presence comes when we praise and worship - hence the worshippers at the bottom.

He told me too that I should do it in the format of a door - Rev 4:1 "There before me was a door standing open in heaven. And the voice I had first heard speaking to me like a trumpet said, "Come up here." and I will show you what must take place after this. We are called not only to be a people of His presence, but we also need to enter that presence. 🕊

Africa where it instantly reversed direction and then leaped forward as if struck by lightning. The chariot then crisscrossed sub-Saharan Africa at breakneck speed with the occupant leaning out of the chariot frequently touching the earth with the tip of his flaming sword. Each place that he touched a small fire broke out. Small but bright, until the whole of Southern Africa looked like it was on fire. Not with a consuming fire but a life-giving fire of true freedom.

Suddenly the chariot stopped dead. The warrior held his sword vertical and shouted the words “All Power and Glory and Majesty belong to The King of Kings and Lord of Lords, KING JESUS!” With that he turned his charger towards the heavens and with a mighty crash of thunder he disappeared. Gradually the fires on the ground started to die down as if being absorbed into the earth and an unnatural light and a silence of awe fell like a blanket over all of Africa. For a season all was frozen in time. Rivers stopped flowing. Trees stopped growing. Birds and animals alike froze motionless.

Suddenly natural light returned. A bird in its nest chirped as if testing to see if in fact a new dawn had come, a waterfall started to rush and

natural life started to reappear everywhere. Suddenly there were lions all over Africa. Some large, some small, some thin and battle-scarred. All

appeared as if waking from a deep sleep, woken by the roar of the Lion on Table Mountain. Some were

coming out of caves, some out of crevices in the mountains, some out of the bushes and some from under river overhangs. Many were wary of the others and some were totally hostile towards their fellow lions. But all were walking proud. And a voice said, "It is time to deliver, heal, restore and rebuild my Body in Africa. Go and motivate, inspire and equip My lions of Africa to take dominion over their God-given territory!" 🦁

The Lion's Roar!

Southern tip of Africa Fire Prophecy

The Lion enforces his territory in nature through roaring. Roaring is the primary method a lion uses to demarcate territory. Now a roar is the voice of the lion, its a sound. The right lion-sound establishes territorial boundaries.

The louder the roar of a lion the bigger territory he claims! May the roar be deafening in this city and may the roar be heard in every crevice and every suburb of this city and in every place with the CITC (Church of Cape Town) gathers - the sound of Jesus saying, "You are mine!". No debate, no tussle, no argument. The city belongs to our God! 🦁

God gave Helen Phillips a vision in 2010:

A vision of mushrooms, yes mushrooms - growing out of walls, out of roads, buildings, mushrooms popping out everywhere, all over Cape Town.

*Lord!
What are these
mushrooms?*

These are the little prayer groups started in businesses, in factories, in homes where Christians take hands and seek God's face, where the body of Christ is uniting across all denominational divides:

Praying for this Nation, for families, our communities, cities, people and government.

Then a cloud appeared in the vision:

Then a massive big cloud shaped like a mushroom (atomic cloud) stretching out over Cape Town, appeared in the vision. **Enormous!** Vibrating with power and light in sunset colours.

*Lord!
What is that?*

That is God's power generated through united prayer from the '**Mushroom Prayer Groups**'. A people calling out to God with one voice, crying out to Him, "**Lord, bring revival to our nation**".

The key followed:

In June 2011 the Lord impressed on Soekie Krog that she would find a key, the key for salvation for the country, as she and her friend pursued the Fire Trail. God said Knysna was a key city. As they came out of a municipal building in Knysna they saw a mushroom, a very large mushroom growing out of a tree and **pushed into the mushroom was a key!**

They looked at each other and simultaneously declared: *The Key is in the Mushroom!*

A simple, perfect strategy!

Pray in your home with a friend, pray in your place of work with a colleague. Pray and encourage others to pray.

Two together, three together, or ten and more form a **mushroom prayer group** - generating **city-changing-power!** **You can make a difference!**

YOUR PRAYERS TOGETHER WITH OURS CAN CHANGE A FAMILY, A COMMUNITY, A NATION.

**Will you dare to accept this challenge and see a nation, covered in mushrooms, blanketed in prayer?
A nation humbled, turned to God.**

This is the hope of our Land.

God is pouring out His Spirit on His sons and daughters. Many are seeing visions, receiving dreams and revelation knowledge - not only for personal application, but especially for the body of Christ and for the redemptive purposes of South Africa.
